WISDOM WORDS

“ IT TAKES A BIG HEART TO HELP SHAPE LITTLE MINDS. ”

Over the years, my experience in business and social service has **taught me one lesson** deeply: **hard work with sincerity always leads to growth**, and **knowledge becomes meaningful only when it benefits others**. I encourage all our young learners to dream with purpose, learn with curiosity, and work with dedication. Always remember: **every child has unique potential**, and the world needs your ideas, your creativity, and your character.

Maddekar Shafique Ahmed
President, WPIS

We, at WPIS, believe that the foundation of a purposeful life stands on four guiding forces: **Fate, Hard Work with Professional Touch, Character, and Health.** These key values light the way, helping us navigate challenges and rise toward our highest potential. May every child learn to **honour Fate, strive with dedication, uphold noble Character, and cherish Health**, so they grow into individuals who enrich both themselves and the world around them.

Moolaikadai Mohammed Muneer
Vice President, WPIS

In today’s fast-paced world, **many children believe that parents are obligated** to manage every task for them as though **responsibility lies solely with the adults** around them. This mindset, common in the present generation, is one we must firmly reshape. **Children shouldn’t be spoon-fed** at every step. Rather, they must **learn to evolve self-discipline and meaningful engagement** with the world. Our vision is to raise confident, capable young individuals who do not shy away from challenges but embrace them.

A meaningful life stands on **five pillars: Faith, Character, Behaviour, Health, and Wisdom.** These values form the heart of our vision at WPIS. **Faith gives direction, Character builds integrity, Behaviour promotes harmony, Health supports growth, and Wisdom shapes wise choices.** As the world moves forward at an unprecedented pace, it is essential that our children remain rooted in these pillars. We strive to nurture well-rounded individuals who are prepared not only for academic excellence but also for life's greater responsibilities.

At WPIS, education goes beyond textbooks to shaping character, curiosity, and confidence, guided by **our motto "Learn, Play, Explore, Lead."** We nurture lifelong learners, instil sportsmanship through play, encourage innovation through exploration, and build strong leadership qualities in every child. By promoting collaboration, clear communication, and critical thinking, **we prepare our students to become responsible, successful global citizens who live with integrity in a diverse, democratic, and value-based society.**

A. P. Ashfaq Ahmed
Executive Member, WPIS

As educators, our role extends beyond simply providing education; we are here to co-create a foundation that lasts a lifetime. Our curriculum is meticulously designed to be child-centric, transforming the classroom into an exciting space where discovery, creativity, and critical thinking flourish naturally. **My vision for every child who walks through our doors is simple: to leave here as a happy, capable, and compassionate learner.** We are honoured to be the custodians of their early steps into the world of learning.
